Photo above shows a little October Coho action from 2005
Featuring the Great Howard Kalka in action!!

We also cater large groups! This is the Patrick Lee party, these guys are life long friends that believe in getting together every year for a fishing trip and catch up on the good old days as well as make new memories!! We can help with that.

Larry Schuerman party from Calgary Alberta Enjoying a great day on the Kitimat for giant Chum salmon on the fly !!

Who said we live in igloos in Northern British Columbia? This is the Telesat party in August getting a sun burn while reeling in too many fish to count in a day! Great job guys! We enjoyed having you, hope to see to again in 2006. The fish Larry is holding does not look huge but it's a cutthroat trout and that's a BIG one!

Last but not least, this is a photo of Mark Pendlington from Sport fishing B.C. with a nice Chinook caught while filming another show late June 2005. Stay tuned... the entire show will air this Sunday. It was a doozer !!
