

Wishing You were here fishing report

Hello all Past, Present, & Future guests

Well the season is upon us again! We are very excited this year as there have been a few changes and lots of upgrades. We have arrived back from the sport shows we attended this year, with much success and a few small surprises! Shows we attended include, Global Sporting Expo in Las Vegas, Safari Club International in Reno, International Sportsman Expo in San Mateo and Pleasanton.

We met a lot of new faces and got together with some past guests who have turned into great friends. Special thanks goes out to Fred Contaoi, Ricky Baker, and Don Osborne for all your help through the shows, we could not have done it without you!!! Below is a picture of our day off in California with "Bass Master Fred Contaoi" who took us fishing. Not to

mention a great tour guide.

And another Big thank you to Robert & Zach Richards for purchasing a trip we donated in the auction at Safari Club International in Reno. We look forward to having you here... and don't worry Robert we'll make sure you out fish Zach!!!!

The New Purchases of the year are to show our dedication to making your trip a success in any fishing situation!!!

In January we purchased a new low profile Hyde drift Boat to add to the fleet. We have also added the ocean to our packages by purchasing a 22ft Hydra Sport Fishing Machine!!!!(Pictured Below with my beautiful wife!!)

After fighting with the weather last season we decided to cover all the bases and leave no stone unturned as well as scratch an itch that has been bugging me for sometime. As some of you recall, the last season in Sept 2004 was like standing in the shower with your clothes on. This did not make for great fishing as the rivers were brown. However, the Ocean was hot!

This is not totally new to me, I have been researching the salt in this area for a few years now and when I was a young boy, my father was a commercial fisherman and I spent MANY a day in a little wooden clinker boat with a Briggs & Stratton engine putting away. This is what we did on his days off!!!
