

**WISHING YOU WERE HERE FISHING REPORT AND
NEWSLETTER May 1, 2003**

Hello fellow fisherpersons. April has come and gone and what a month it was! We had a month full of epic battles, beautiful weather and large Steelhead! All of our guests hooked fish and all but one person landed at least one. The two fish that were the largest were caught by Andy Fairclough and Armand Castanga.

Mondo's fish may be a new IGFA 8 lb test line class record. It took him 30 minutes to land and the measurements were 40 by 22 and a half inches! As this story unfolds I will relay the info.

*Andy and Gill. The grin says it all! 40 x 25 inches on the fly! Babine Where!
This was Andy's second trip with Rod and Reel Adventures!*

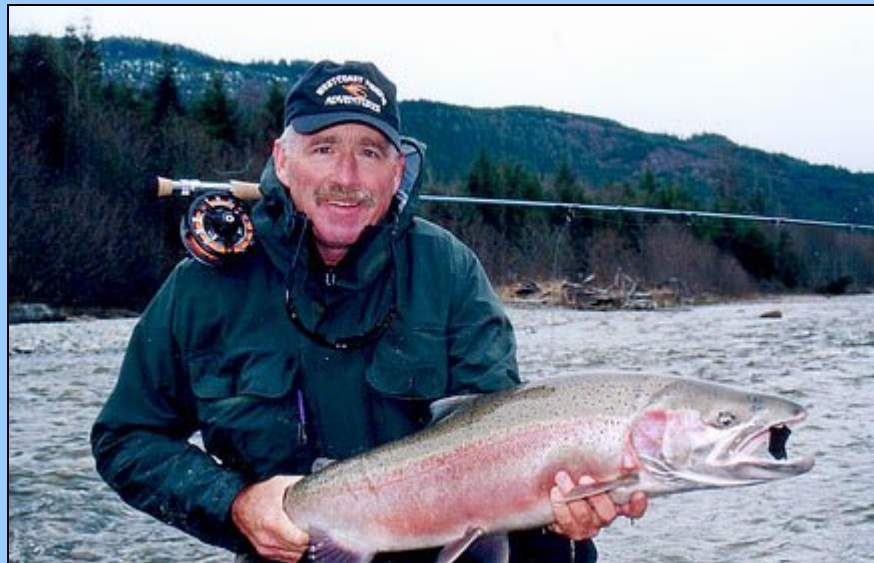

We also have a new lodge record! Andy's, MOE (short for Moby Dick) measured an incredible 40 by 25 inches! This fish was also caught on the fly.

These two great fish represent what we have to offer at Westcoast Fishing Adventures during our spring fishery. If we had any skeptics left they should all quieted now.

Our 20 plus pound list for this spring consists of over 20 Steelhead. We had so many fish over 15 pounds that we lost count. I have to cut this report short because it is photo laden. These pictures are just a cross section of the great fishing that we had this spring! For more photos of what has been going on during the last two weeks refer to our updated website. www.westcoastfishing.ca

Dale Williams (Rod and Reel Adventures) on the Goat. This is Dales (Abdar) biggest Steelhead that he has ever landed! We heard that from just about all of our guests this spring!

*Bill Seaman a long time guest and good friend of Westcoast Fishing Adventures
With one of his nice fish from this April.*

Paul Cantonese with one of the many 20 plus pound fish that he landed this Spring. Paul and Armand (Mondo) have developed great friendships with Westcoast Fishing Adventures over their many April trips.

To all of the guys who were here in April thank you for the great memories!

Tight Lines!
